

Impressora Media Selection Guide

On older printers it is not possible to add custom media names onto the display of the printer, therefore when using custom profiles you should ensure that the paper types listed below are selected.

Printer models that apply to this rule are as follows:

- iPF6000s (24")
- iPF6100 (24")
- iPF8000s (44")
- iPF8100 (44")
- iPF9000s (60")
- iPF9100 (60")
